BORAH DEMANDS AMERICAN BAN ON WAR LOANS

League of Nations Council Denounced by Idaho Senator as "Spineless Tool" of Few European Nations.

EUROPE PREPARING FOR WAR, HE SAYS

Any Money Loaned to Foreign Countries Is in Aid of Conflict, Senate Is Told.

WASHINGTON, April 18.—(P)—Ruled by the League of Nations' demand that Germany comply with the Versailles treaty, Senator William E. Borah today denounced the council as the "spineless tool" of a few European nations and then introduced a bill to prevent American money from going into foreign war coffers.

Taking the senate floor during the afternoon, Borah thundered of the League:

"Nothing in the history of this institution better illustrates that it is not an independent body for peace, but a spineless tool in the hands of a few nations to do what those nations elect."

A stern foe of the League from its inception, the senior republican on the foreign affairs committee declared:

"This institution should no longer pretend to be an independent body seeking by independent methods to advance the cause of peace."

Borah's attack echoed through the chamber at the conclusion of a speech by Senator Lewis, of Illinois, democratic whip, criticizing members of the League for handing over to Germany live to her treaty obligations while they continue to disregard "obligations they have contracted with the United States."

Bitter Criticism.

The bitterness of Borah's criticism of the League was paralleled by the language he employed in a statement accompanying a bill he introduced, shut off all loans to foreign nations.

His proposal would supplement the Johnson act which already bars loans from this government to other nations delinquent in their obligations to the United States.

It would supplement also two other measures now before the foreign affairs committee, both aimed at preserving American neutrality, by keeping Americans out of trouble zones by denying them passports, and the other giving the president authority to block loans to belligerent nations.

The Idaho republican saw in foreign loans even in peace times, only a means of financing for war and of increasing the danger that this nation also would be drawn into it.

"European governments are now preparing for war," Borah said. "It may not come within the next two or three or five years, but the preparation is going on. Any money loaned to them is in aid of war."

"The best authorities on European conditions give it as their opinion that war is practically inevitable with-

Exoneration for Fire Department Expected to Follow Investigation

L. C. Warren, of the Warren Company, largest refrigeration manufacturing company in the southeast, which was swept by a \$100,000 fire Monday night, is shown, left above, with Alderman L. G. Halle, and Mayor Key, members of the Atlanta board of firemen, and Chief O. J. Parker, of the fire department, surveying a part of the loss. The board spent practically all yesterday in a probe of the fire, which Warren charged was fought with defective fire hose. Chief Parker demanded exoneration of the department and defended the fire equipment. Staff photo by George Cornett.

Exoneration of the Atlanta fire department for any blame incident to the \$100,000 fire which Monday night swept a large portion of the Warren Company plant was forecast yesterday as members of the Atlanta Board of Firemen surveyed the ruins and prepared to meet again at 7:30 o'clock Monday night to formulate findings of the probe.

It was apparent, however, that several members of the board will insist that no fire hose be kept in use longer than five years in the future under any and a periodic test of 300 pounds pressure without breaking under the strain.

The investigation of the Warren Company fire yesterday consumed the

major portion of the day as the fire department delved into every circumstance surrounding the largest loss sustained so far this year in Atlanta.

Parker Asks Exoneration.

Board members heard Chief O. J. Parker defend the department, the conduct of his men and demand a complete exoneration of the department from the "stigma" the criticism has cast upon it.

They also heard Virgil P. Warren, president of the company; J. D. Harris, secretary of the organization, and others criticize the department's methods in attempting to arrest the flames and heard Warren charge that those of the Atlanta fire fighters

HITLER PONDERS LEAGUE ANSWER

"Sizzling" Protest Made as Calmer Estimates Spot Future Attitude.

BERLIN, April 18.—(P)—A "sizzling" diplomatic protest to Great Britain against League of Nations' censure of Germany's rearmament was followed tonight by calmer estimates of yesterday's action at Geneva.

One reason for this was the assurances the British and Italian ambassadors gave the foreign office that war is practically inevitable with-

Motorist Wins Race To Save Boy's Life

Success crowned the efforts of the driver of the automobile who last night staged a race from Australia to Atlanta with the life of 17-month-old Franklin Wyatt at stake.

The child, blue in the face from strangulation, reached the hospital in time for attendants to probe in his throat and dislodge a piece of pop corn which had become lodged.

The boy, son of Mr. and Mrs. A. O. Wyatt, of Austell, got several grains of pop corn in his mouth and immediately became strangled, his father told hospital attendants.

They also heard Virgil P. Warren, president of the company; J. D. Harris, secretary of the organization, and others criticize the department's methods in attempting to arrest the flames and heard Warren charge that those of the Atlanta fire fighters

Mill owners and members of congress from textile centers centered their attack on Secretary Wallace today in an effort to weaken the administration's resistance to abolition of the cotton processing tax.

Secretaries Wallace, Hull and Rogers went into conference on the textile situation and later received a group of New England democratic congressmen.

Meanwhile Wallace was accused in Boston of offering a "gratuitous gift" to the textile industry, in his address in Maine yesterday.

Russell T. Fisher, secretary of the National Association of Cotton Manufacturers, asserted that Wallace "adds insult to injury" and that "not content with the damage that his processing tax is doing to the New England textile industry, and the part it is playing in throwing thousands of men out of work, he is trying to come into New England and gratuitously insult not only cotton manufacturers but all its citizens."

Representative Edith Nourse Rogers, republican, Massachusetts, renewed her assault on Wallace in a radio address, answering remarks she interpreted as directed at her in his recent speech in Atlanta.

The appearance of the house democrats at today's conference with Secretary Rogers and Hull was designed

Discovered in dying condition on the back of the car at Piedmont park early last night, Samuel A. Howell, clerk at the Southern Freight Association, died within a few minutes after reaching Grady hospital.

Howell was discovered by Captain T. J. Findley, of engine house No. 19, who was practicing casting in the lake and heard the sound of heavy breathing coming from a clump of bushes behind him. He focused his flashlight on the bushes and saw Howell, unconscious, seated leaning against a tree. A box of deadly poison and an empty whisky flask were near by.

Captain Findley hailed two passing motorists and requested one of the men to summon a Blanchard Brothers ambulance and asked the other man to assist him to get the unconscious boy out of the bushes.

No motorist was found near Howell or in his clothes. In his pocket was a letter from his attorney advising him that his "disabilities had been removed."

C. A. Peacock, Howell's employer, who identified Howell at the hospital, stated the man recently had been divorced. He said he had not been at work for three days and his fellow employees became uneasy about him yesterday.

Howell appeared to be between 25 and 40 years of age and was well dressed. He was prominent in church affairs and attended the Tabernacle Baptist church.

Friends last night were attempting to locate relatives at White Plains, Ga., said to be Howell's birthplace.

Mrs. Wm. A. Becker Named President-General of D. A. R.

WASHINGTON, April 18.—(P)—

The bitterly contested fight for president-general of the Daughters of the American Revolution ended tonight in complete victory for Mrs. William A. Becker of Summit, N. J.

Miss Becker, 46, of 670 Madison, defeated Dr. Flora Myers Gillett of Chattanooga, Tenn., who led one of the strongest insurgent movements in the organization in years. Mrs. Becker's election was considered a triumph for the present D. A. R. administra-

JOHNSON DEFENDS NRA AS BULWARK OF PRESENT ORDER

Confesses Errors in Recovery Act Administration; Warns "Clean Up, Don't Destroy."

WASHINGTON, April 18.—(P)—Terming NRA a "middle-of-the-road course" between economic failure and communism or fascism, a solemnly determined Hugh S. Johnson appealed to congress today to renew the recovery law's life.

"Scrub, our infant offspring vigorously, but let us not throw the baby down the drain pipe with the dirty water," was the burden of the dynamic general's argument in behalf of the Recovery Act he helped write and the code rule he built for industry.

The first boss of the Blue Eagle, appearing as final witness of the main finance committee's NRA investigation, threw a powerful shoulder behind the administration's wheel that is seeking to override congressional efforts for curtailment or abandonment of the law.

No sooner had he left the stand late in the day after reading an 88-page statement and awaiting his cross-examination than Chairman H. H. Johnson closed the six-week inquiry and summoned his committee to meet in closed session tomorrow to start framing a new law.

Work To Begin Soon On Atlanta U. Project

WASHINGTON, April 18.—With the signing of a contract for the building of Atlanta University housing project, Administrator Harold L. Ickes today launched into actual construction the second federal development of the Public Works Administration's \$150,000,000 campaign to wipe out slums and provide decent, modern homes within the means of the lower income group.

After affixing his signature to the contract awarded to the N. P. Severin Company on a low bid of \$1,983,000, Administrator Ickes reported gratifying progress on the housing program in more than 30 cities.

Colonel Horatio B. Hackett, director of the housing division, notified the Severin company that Administrator Ickes had signed the contract and instructed them to start excavating operations at once. Already under construction in Atlanta is the Techwood development. Colonel Hackett reported that excavation for this project is nearing completion, that foundations are being poured, and that the contractor should start on brickwork within the month.

The University project, which will provide modern living accommodations for 675 negro families, will occupy the site of a slum adjoining the campuses of three large schools of higher education for negroes. With Techwood, an improvement accommodating 604 white families, the Atlanta project will give the city an estimated total of 2,270,000 man hours of direct employment. Both are scheduled for completion within the next year.

A Dinner for Easter Sunday

The celebration of Easter Sunday is one of the most ancient traditions of Christendom. Every age and country has its own customs on this church holiday, but it is the same spirit of quiet joy and welcome to the new life of spring in any land or language. In our country, this day is often set aside for family reunions and the gathering together of old friends. And dinner, of course, is an important part of such a celebration. This dinner is a timely moment to introduce some of the spring foods that are beginning to appear in the markets. Spring lamb, crisp new vegetables, and a light fluffy dessert—such a dinner is a delightful background for the friendly pleasures of the family reunion.

Easter Dinner.

Crab Meat Cocktail
Noodle Soup with Chicken (ready to serve)
Ripe Mission Olives Preserved Sweet Gherkins Spanish Queen Olives
Roast Leg of Lamb Minced Jelly
New Potatoes with Parsley Butter Glazed Young Carrots
Frozen Fruit Cream Salad or Easter Basket Salad
Ice Cream
Coconut Macaroons or Layer Cake
or
Coconut Cream Pie
Coffe

Crab Meat Cocktail.

In small nests of lettuce or in cocktail glasses lined with lettuce, place mounds of chilled crab meat. Pour cocktail sauce over top, garnish with a whole stuffed Spanish olive and serve at once.

Crabstick Sauce.

Combine 2 tablespoons mayonnaise, 4 tablespoons chili sauce, 1-2 teaspoons Worcester sauce, 1 teaspoon evaporated horseradish soaked for 10 minutes in 1 tablespoon cold water, and the juice of half a lemon. Mix well and chill thoroughly before serving.

Frozen Cream Salad.

Cooked Fruit Salad Dressing. Combine 1-4 cup sugar, 1-2 teaspoons salt, 1-2 tablespoons all-purpose flour, 1 egg, 2-4 cup pineapple juice, drained from pineapple slices, and 2 tablespoons pure cider vinegar, and mix thoroughly after addition of each. Cook, stirring constantly, until very thick. Cool.

Ingredients for Salad—Mash 3 ripe bananas to a smooth pulp. Combine bananas, 1 cup diced canned pineapple, 1 cup diced canned pears and 1 dozen thinly sliced marshmallows, and add to Cooked Fruit Salad Dressing. Stir and fold into fruit mixture. Pour into refrigerator trays and freeze. Cut into slices or cubes and serve on lettuce or watercress.

Easter Basket Salad.

Cut celery into pieces about an inch and a half long, and then into fine shreds. Place a mound of these in a bed of lettuce to resemble a nest. In the nest place several small balls rolled from pimento cheese. Serve with French dressing.

Coconut Macaroons.

Beat 2 eggs whites until stiff, add 1-2 cup sugar gradually, then add 2-3 cups vanilla. Gently fold in 2 cups rice flakes and 1-2 cup coconut. Drop by teaspoonfuls onto waxed paper on a baking pan. Bake in a very slow oven (300 degrees F.) for 15 to 20 minutes or until crisp and delicately brown. Makes 1-2 dozen macaroons.

Make a hat yield up a bunny. It is a magic stunt and funny. But I know a better trick—Watch ME make a bun or chick!

**ALLEGED SLAYER
IMPLICATES GIRL
AND HER FAMILY**

SELINGROVE, Pa., April 18.—(AP)—District Attorney Henry J. Sommer said today Sherman Strawser, farmhand condemned to die for slaying his employer, has made a statement that his fiancee, 16-year-old Zilla Gill, and her parents were implicated in the death plot.

A similar statement was given to the State Pardon Board in Harrisburg yesterday by Strawser's attorney and Attorney General Charles J. Margiotti said the three should be prosecuted.

Strawser is sentenced to die May 29 for the killing of Charles Gable. The condemned man told him, "I was laid in the (Snyder county) jail." The district attorney recalled that Lester Gable, 21, was indicted and imprisoned on a liquor violation charge and that Strawser brought his wife and daughter to visit him.

Sommer said Strawser asserted the object of the plot was money to finance his wedding to Zilla and to obtain the elder Gill's release from jail.

ROOSEVELT ADVISES
CAUTION IN ARMS PROBTells Nye To Go Easy in Re-
vealing Secrets of Eng-
land, France.

WASHINGTON, April 18.—(UPI)—President Roosevelt cautioned senate munitions investigators today of the danger of stepping on the toes of foreign nations.

He did not ask that the contemplated inquiry into the war-time finances of J. P. Morgan & Co. be curtailed. Secretary of State Cordell Hull told the White House conferees that Sir Ronald Lindsey, British ambassador, had "suggested" that revelation of war-time financial negotiations might stir up old hatreds and embarrass the present European political situation.

Chairman Gerald P. Nye said that the investigation would follow customary procedure after leaving the conference with the president.

"We will examine all documents carefully before submitting them to public inspection," he explained. "We want to do everything to avoid complicating the international situation. Our aim is committed to promote peace—not war."

J. P. Morgan & Co. served as fiscal agents in the United States for Great Britain, France and other allied nations before and after the United States entered the World War. Millions of dollars surged into American markets as these nations purchased materials vital to their successful prosecution of the war against Germany.

It was understood that Secretary Hull said the British government felt that the correspondence with Morgan & Co. was not only private but its own property. Morgan officials stated that investigators in New York held interviews with the ownership of the documents was settled. Nye said that situation had been cleared and that investigators were going over the Morgan records.

Secretary Hull said he had received a communication from France expressing an unfavorable attitude toward the proposed investigation.

BULGARIA CABINET RESIGNS EN MASSE

Protest Arrests, But Boris
Will Strengthen Army's
Control.

(Copyright, 1935, by Associated Press.)
SOFIA, Bulgaria, April 16.—A feverish day of arrests, cabinet resignations and incipient disorders was climaxed tonight as Premier Petko Zlateff's entire government resigned and King Boris immediately commanded Zlateff to continue until another cabinet can be formed.

While the capital still buzzed with comment over the sudden cabinet crisis, reports arrived from the provinces indicating violent reaction to the tumult. In the town of Gabrovo, 100 miles west of Sofia, the arrest of outstanding opposition leaders, among them former Premiers Kiman Guergieff and Alexander Zankoff.

A great crowd of Zankoff's adherents gathered at the railway station at Plovdiv to cheer him as he passed through en route to tiny St. Anastasia island in the Black sea, where he and four others seized today will be interviewed.

Guergieff, reinforced by cavalry, were called out to disperse the throngs with swords and bayonets.

Zlateff, raised to power in King Boris' "royal putsch" last January, submitted the government's collective resignation to the monarch after three of his ministers deserted him in protest against the arrests.

The former premiers, Guergieff and the others were taken into custody in the lightning-like roundup because of their subversive activities.

Secret conferences have been held at Zankoff's home recently, he said, in which active army officers as well as reserve officers have participated. Arrest of the leaders was therefore

ordered, he added, and three members of the cabinet who disagreed with the premier promptly resigned.

As to his possible successor, the veteran army general said "that rests entirely with the king."

King Boris this evening conferred with Minister of the Interior, Krum Koleff and General Todor Hadzoff, minister of education. Both of them were mentioned as possibilities for the premiership.

Last night late tonight at the royal palace where King Boris, admitted the enigma of the situation, talked with his advisors. Well-informed quarters predicted that the army's control of the government will be strengthened, not weakened, whoever is made premier. Both Koleff and Hadzoff are considered safe.

Questions as to what part Boris played in the arrests and what his intentions were went unanswered. Since the January coup the king has shown an increasing disposition to exert his authority in Bulgaria's government, and some quarters expected new evidences of this tendency might be forthcoming.

The former premiers, Kiman Guergieff and Alexander Zankoff, were among the half dozen statesmen arrested, ostensibly for violation of the government decree forbidding political party activity.

Three cabinet members—Foreign Minister Kosta Baraloff, Minister of Economics Janaki Molhoff and Minister of Justice Leuben Diekoff—resigned immediately in protest against the party activity.

Guergieff, among the half dozen statesmen arrested, the premier explained that Guergieff and Zankoff and the others were taken into custody in the lightning-like roundup because of their subversive activities.

Secret conferences have been held at Zankoff's home recently, he said, in which active army officers as well as reserve officers have participated. Arrest of the leaders was therefore

1st White in 20 Years
To Hang in Kentucky

EDDYVILLE, Ky., April 18.—(AP)—Doomed to die at dawn Good Friday on a scaffold in the Smithland jail in Eddyville, Ky., who spent his last hours in the death cell of the state prison here, chatted late today with the man who will supervise the execution.

C. Phil Hanna, professional hangman from Illinois, promised De Boe to see that he "goes easy." De Boe thanked him.

De Boe, who will be the first white man hanged in Kentucky in a generation, said he had "made his peace with the Almighty" and looked forward to his fate with resignation. He was convicted of criminal attack on a storekeeper's wife near here. Kentucky law punishes rape with hanging and other capital offenses with the electric chair.

De Boe and Ezra Davenport, 20, of Okemah, Okla., who is serving a 20-year prison term as an accessory in the attack on the storekeeper's wife during a robbery, were captured at Dyersburg, Tenn. De Boe was accused of two other criminal attacks and a series of robberies.

view, which followed previous and recent attacks on these agencies.

"Roosevelt Can't Walk."

The greatest calamity in this country is that President Roosevelt can't walk around and hunt up people to talk to," he continued. "He can only talk to those his secretaries and assistants come in and see him."

"99 and 99 per cent of this crowd is the 'gimme' crowd."

Here the governor added his prediction that there would be a third party in the field next year, a statement on which he declined to elaborate.

"The next president who goes into the White House will be someone who knows what it is to work in the sun 14 hours a day," he went on.

"That man will be able to walk a two by four plank, too."

Some observers took this as a reflection on the president's physical condition, but others to whom the governor has talked said his opinion privately asserted it was merely backing up his assertion that only those approved by secretaries get to see the president and it is from these that he gets his views on the nation at large.

Talmadge Meets People.

In this connection it was pointed out that time and again when Talmadge got into an argument with someone over the proposed NRA he would get into his car and make a cross-state trip, stopping at the cities and hamlets to see how the folks in the country were taking the situation. When he got back to Atlanta he usually followed the views expressed to him by the people.

The difference between the two was pointed out to be that Roosevelt talks with the leaders and Talmadge with the followers and Talmadge is of the belief Roosevelt is being mislead.

Before the interview was concluded the chief executive was asked directly if he would head a third party, and he replied: "No."

The real fight in this country is Americanism versus communism mixed up with some kind of a crazy gimmick."

Has Qualifications.

Some of the interviewers had no doubt that the governor was the right man for the party in the movement because formidable enough. He had the qualifications he himself set for the candidate. He has worked hours in the sun and he's dead set against the "gimme" and the NRA and the AAA.

Talmadge weighed every word as he spoke and insisted that the interviewers would not take his word.

The Talmadge statement, unlike those he has made attacking the national administration did not go unanswered. Immediately after hearing of it Speaker Byrns and Floor Leader O'Connor of the house, both strong Talmadge supporters, rushed to the president's desk, accusing the governor of an attempt to discredit the president's physical condition. Other attacks had not been answered except to say that by the person directly attacked, these chiefly being Secretary of Agriculture Henry A. Wallace and Relief Administrator Harry L. Hopkins and some members of the Interior Ickes.

Mage Speaking Tour.

Following the interview the governor bussed himself mapping his southern speaking tour against the cotton processing tax, a tour which is expected to start in 10 days. His list of engagements has not been announced but the tour is expected to include Texas and Oklahoma and all states lying eastward.

Shortly after Talmadge concluded the interview Jud P. Wilhoit, the governor's appointee as chairman of the Public Service Commission, issued a statement asking the president to expose "the true story of discriminatory freight rates" which he said had paralyzed southern industry.

Answering him almost immediately Governor Talmadge said he would discuss the matter during his cotton belt campaign and a cotton processing tax. He held a brief conference with the commissioner.

"It will not be one of the main points, though," he said. "We are after the processing tax."

Discriminate Against South.

Wilhoit said that the processing tax on cotton goods was levied on the north and south alike but that freight rates prescribed by the Interstate Commerce Commission discriminated against the south alone.

Although the committees will meet with the finance and taxation committee Friday morning to decide whether to return a favorable or unfavorable report, judicial observers have believed a fatal blow had been struck.

Senator Henry Tillman, of Tampa, is the author of the measure, which brought an army of independent merchants to Tallahassee asking its enactment.

Meantwhile, house judiciary committee voted 7 to 1 to report the bill favorably, and of its action by senate committee spread through the capitol and the house committee receded and voted to withhold its favorable report.

After deciding the measure was unconstitutional, the senate committee adjourned until tomorrow morning when it will meet with the finance and taxation committee. At tomorrow's joint session, the committees will decide whether to report the bill favorably or unfavorably.

The house committee failed to set a definite date for reconsidering the bill.

Members of the committee, frankly concerned over the bill, asked the attorney-general for his opinion as to the constitutionality of the measure.

"If this bill is not sustained now," Landis said, "it will be soon. The temper of the people says the bill will be sustained."

bill probably will be passed before adjournment.

Democratic leaders once late in the day decided they would try to keep the house in session until it finally passed the bill. But knowing that the republicans—who were getting restless—could stage a minor filibuster and delay passage of the bill beyond tomorrow night, they abandoned that idea.

Other Results.

In return, they won a promise from Representative Snell, of New York, the G. O. P. leader, that "we'll cooperate with you tomorrow."

Representative Treadway, of Massachusetts, offered an amendment. On a teller vote, it was rejected, 14 to 50.

Representative Monahan, democrat, Montana, offered the Townsend amendment. The vote was announced as 206 against and 56 for it.

Next of the better-known proposals was the Greenway-Scrugham plan, under which the federal contribution would have been \$20 instead of \$15 and under which those over 60 on relief rolls between July 1, 1935, and June 30, 1937, would have gotten \$15 a month directly from the federal government. The vote was 165 to 87.

The house took up the even more liberal Lundgren bill, which would have guaranteed federal payment of at least \$10 a week to the unemployed, aged and helpless. That was defeated, 158 to 40, on a teller vote.

Some of the interviewers had no doubt that the governor was the right man for the party in the movement because formidable enough. He had the qualifications he himself set for the candidate. He has worked hours in the sun and he's dead set against the "gimme" and the NRA and the AAA.

Talmadge weighed every word as he spoke and insisted that the interviewers would not take his word.

The Talmadge statement, unlike those he has made attacking the national administration did not go unanswered. Immediately after hearing of it Speaker Byrns and Floor Leader O'Connor of the house, both strong Talmadge supporters, rushed to the president's desk, accusing the governor of an attempt to discredit the president's physical condition. Other attacks had not been answered except to say that by the person directly attacked, these chiefly being Secretary of Agriculture Henry A. Wallace and Relief Administrator Harry L. Hopkins and some members of the Interior Ickes.

Mage Speaking Tour.

Following the interview the governor bussed himself mapping his southern speaking tour against the cotton processing tax, a tour which is expected to start in 10 days. His list of engagements has not been announced but the tour is expected to include Texas and Oklahoma and all states lying eastward.

Shortly after Talmadge concluded the interview Jud P. Wilhoit, the governor's appointee as chairman of the Public Service Commission, issued a statement asking the president to expose "the true story of discriminatory freight rates" which he said had paralyzed southern industry.

Answering him almost immediately Governor Talmadge said he would discuss the matter during his cotton belt campaign and a cotton processing tax. He held a brief conference with the commissioner.

"It will not be one of the main points, though," he said. "We are after the processing tax."

Discriminate Against South.

Wilhoit said that the processing tax on cotton goods was levied on the north and south alike but that freight rates prescribed by the Interstate Commerce Commission discriminated against the south alone.

Although the committees will meet with the finance and taxation committee Friday morning to decide whether to return a favorable or unfavorable report, judicial observers have believed a fatal blow had been struck.

Senator Henry Tillman, of Tampa, is the author of the measure, which brought an army of independent merchants to Tallahassee asking its enactment.

Meantwhile, house judiciary committee voted 7 to 1 to report the bill favorably, and of its action by senate committee spread through the capitol and the house committee receded and voted to withhold its favorable report.

After deciding the measure was unconstitutional, the senate committee adjourned until tomorrow morning when it will meet with the finance and taxation committee. At tomorrow's joint session, the committees will decide whether to report the bill favorably or unfavorably.

The house committee failed to set a definite date for reconsidering the bill.

Members of the committee, frankly concerned over the bill, asked the attorney-general for his opinion as to the constitutionality of the measure.

"If this bill is not sustained now," Landis said, "it will be soon. The temper of the people says the bill will be sustained."

bill probably will be passed before adjournment.

Democratic leaders once late in the day decided they would try to keep the house in session until it finally passed the bill. But knowing that the republicans—who were getting restless—could stage a minor filibuster and delay passage of the bill beyond tomorrow night, they abandoned that idea.

Other Results.

In return, they won a promise from Representative Snell, of New York, the G. O. P. leader, that "we'll cooperate with you tomorrow."

Representative Treadway, of Massachusetts, offered an amendment. On a teller vote, it was rejected, 14 to 50.

Representative Monahan, democrat, Montana, offered the Townsend amendment. The vote was announced as 206 against and 56 for it.

Next of the better-known proposals was the Greenway-Scrugham plan, under which the federal contribution would have been \$20 instead of \$15 and under which those over 60 on relief rolls between July 1, 1935, and June 30, 1937, would have gotten \$15 a month directly from the federal government. The vote was 165 to 87.

The house took up the even more liberal Lundgren bill, which would have guaranteed federal payment of at least \$10 a week to the unemployed, aged and helpless. That was defeated, 158 to 40, on a teller vote.

5 p. m. and was answered by two other tasks how lockouts and strikes could be prevented. "You can't do it," Johnson replied.

LONGINO IS OUSTED FROM RELIEF POST

Johnson Named by Commission to Board of Public Welfare.

George F. Longino, county commissioner, was eliminated from the Fulton County Board of Public Welfare at a meeting of the commission yesterday and Edwin F. Johnson was named in his stead, when the board was formally created in compliance with the legislative act providing for its establishment.

When the board was organized the first of the year to take charge of the city-county program for administering unemployed relief, Longino was named by the county commission to represent that body on the board, after he himself had suggested the chairman of the board serve in that capacity.

Longino refused to vote when the resolution was read by Frank Eling, county clerk, and moved for adoption. Dr. C. Ross Adams, chairman of the commission, was also named as a member of the welfare board, as a "lay member." Dr. Adams, Johnson and Ed L. Almand voted for the resolution. Commissioner Al Ragadale was not present.

Longino in a statement issued after the meeting said that he characterized the commission's action as "another step of a self-appointed executive committee which is running this county without consulting senior members of the board."

"The resolution," Longino said, "was drawn up in a private conference of the new members and it was voted down, despite the fact that I was a member of the welfare board. This means that policy will be injected into the welfare board—one group that should not be tinged with politics."

Another new member of the welfare board is George Simons, park superintendent, who was named to succeed Dr. C. Ross Adams, chairman of the city-county commission to represent the city. The board as constituted under the resolution is as follows: W. Eugene Harrington, chairman, and Dr. C. R. Adams, each to serve three years; Frank Neely and J. Sid Tiller, for terms of two years; W. E. Mitchell and Hugh C. Conch, for terms of one year.

Terms of Simons, Mayor Key and Johnson run with their terms of office.

A TONIC and BUILDER
MANY folks have thin pale blood—they're weak, tired, lousy and ill. Dr. Pierce's Golden Medical Discovery is a dependable tonic which will increase the appetite and eliminate poisons from the intestines. It stimulates the digestion, clears the skin of eruptions and blemishes and you gain in vim, vigor and vitality. Mr. J. W. Buck of 1913 Elm St., Atlanta, Ga., is the discoverer. Golden Medical Discovery is a wonderful tonic. I have relied upon it at different times when I lacked strength and appetite and digested poorly. Always after taking the Discovery, I would regain my health.

Enclosed with the letter was a copy of a bill for payment of highway department refunding certificates of the state, to validate all proceedings for the issuance of counties and the sale of the United States of such certificates and the use of the proceeds thereof and to declare a contract with holders of such certificates.

"This bill," commented the administrator, "went through the state legislature on March 22 by an overwhelming majority. In the house it was passed 112 to 1 and in the senate it was passed, 35 to 1."

"But on March 28, after the legislature had adjourned, Governor Talmadge vetoed the bill. Since then he has made no official explanation of his act."

governors of the Talmadge stripe."

He emphasized the fact that there was no disposition on his part not to deal with Georgia, but that it was next to impossible to render much aid under the present set-up.

"For instance," he said, "Georgia has passed no enabling legislation whatever, although the governor promised me that such legislation would be passed. And, as a matter of fact, the legislature did pass the necessary bills but they were promptly vetoed by Governor Talmadge."

The administrator held out some hope for taxing units of the state when he pointed out that where commissioners of the highway department have actually engaged in carrying out PWA contracts "we will go ahead with them, but where work has not been started we can't promise anything just now."

Mr. Ickes asserted that no other state in the Union has acted like Georgia and Louisiana in that matter of failing to co-operate in PWA activities.

"In fact," he declared, "I know of no other commonwealths in the country which have not co-operated splendidly."

Talmadge Letter Made Public.

Administrator Ickes today made public the following letter addressed to him by Governor Talmadge under date of June 5, 1934:

"My Dear Mr. Ickes:

"I am enclosing to you the United States of America, through you as federal emergency administrator of public works, has made, or will make contracts with about 15 counties of the state of Georgia for the purchase of state of Georgia highway department refunding certificates issued pursuant to the act approved March 1, 1933, (Georgia laws of 1933, p. 161-172). The proceeds received from the sale of these certificates will be used by the counties to finance various public works projects, the cost of which will aggregate about \$800,000.

"I am further advised that some legal question has arisen concerning the issuance and the sale of these certificates and also the security for their payment at maturity. In order to clear up these questions, I will refer to the general convention January 1, 1935, an act substantially in the form of the bill attached to this letter.

"This bill, when enacted into law, will not only validate all proceedings which may have been taken for the issuance and sale of these certificates, but also will make unquestionable the obligation of the state of Georgia to provide revenue sufficient to enable the highway department to pay the certificates as they become due.

The attorney-general, in his opinion to the chairman of the state highway board, dated June 2, 1934, states that this is the obligation of the state at the present time, and it seems to me that such an obligation is implied in existing legislation.

Believe, however, that the bill will set all possible doubt at rest.

"Sincerely,

EUGENE TALMADGE, "Governor."

Administrator Ickes' very bitter denunciation of Georgia's governors was received in state circles here as a sensation. While members of the Georgia congressional delegation withheld comment for the moment they evinced no little surprise at the animosity shown by the administrator.

JAP OIL POLICIES PROTESTED BY U.S.

Joins England, Netherlands in Demanding Open Door in Manchukuo.

WASHINGTON, April 18.—(AP)—The United States today made a renewed effort intended, informed quarters said, to keep the slowly closing "open door" in the far east from shutting on all American exports from Manchukuo.

Acting under instructions from Secretary Hull, Ambassador Joseph C. Grew, lodged a fresh protest with the Japanese government against the establishment of an oil monopoly in the Japanese-backed empire to the detriment of American oil companies operating there.

Phillips said that Ambassador Grew had been instructed to reiterate previous American protests against the monopoly as in violation of treaty obligations and to call attention to promises made by Japan to Manchukuo to maintain the "open door."

While the protests lodged by the United States, Great Britain, and the Netherlands have been specifically against the oil monopoly, it is understood that all three nations consider the prevention of the spread of monopoly practices into other products.

Japanese-American commercial relations were jarred yesterday when President Roosevelt ordered the tariff commission to make a survey of bleached cotton cloth imports from Japan as the basis for a possible increase in duty. Complaints have been made by textile manufacturers that the imports are giving competition against American textiles.

The Manchukuo oil monopoly set up a state-controlled importing and distribution system to replace the American and other foreign oil companies which built up their business while Manchukuo was still the Manchurian provinces of China.

Despite the oil monopoly's establishment as a separate entity, it has organized the oil monopoly and hinted that its establishment would be followed by government monopolies in other fields.

Because the United States, Great Britain, and the Netherlands do not recognize Manchukuo as a sovereign state, their protests were filed with the White House. The Japanese government's notes in reply have disclaimed Japan's responsibility and suggested that any protest be made to Manchukuo directly.

Meanwhile, the south was called to the senate a measure to repeal the resolution urging congress to eliminate the processing tax.

STEVENS RAPS MOVE FOR FIGHT ON TAX

BOSTON, April 18.—(AP)—Urgent requests were voiced here tonight for immediate investigation by state and federal agencies of the extent and causes of the cotton textile industry's plight.

This passed a two-way scrap between north and south, as there is already strong feeling between the two sections over present sectional wage differentials in the cotton textile code.

Northern manufacturers were in session at a reference attributed to Wallace in his Maine speech that the right of New England industry to compete in the national market does not go to the processing tax, but to "overproduction, inefficiency and obsolescence." And a further reference to the complaints as "whining."

Mud-Slapping.
"More and more it becomes evident," Fisher said in a statement to the Associated Press, that the secretary of agriculture believes in the processing tax, right or wrong, and has no desire or intention of even listening to the facts brought out by those being emasculated through his efforts."

Stevens' stand was taken in the face of a New England-wide drive against the processing tax. Japanese competition is not the real cause, Stevens asserted.

"Overproduction," Stevens asserted, "is the real cause. As soon as prices go up, consumption falls off and with it goes demand. The mills and plants are being closed to mills and put many more thousands permanently on the relief rolls. His brand of economics seems to be that it

has been misquoted. His statement follows:

"I deplore the governor's statement and regard as particularly unfortunate his personal criticism of President Roosevelt. He has been most unfair to the president and to the people of Georgia. In my opinion a third party ticket against the president in 1936 would not get enough votes to count. I hope the governor has been misquoted."

A mass interview scheduled for tomorrow on Saturday evening at the 30th house members of both parties, and from both north and south, will be over until next week to permit members of the congressional group to go to home for the Easter weekend.

100,000 TEXAS GROWERS TO BACK WALLACE ON TAX

DALLAS, Texas, April 18.—(AP)—G. H. Day, chairman of the Texas cotton advisory committee, said today hundreds of Texas farmers are planning a march on Washington—to give President Roosevelt and Secretary Wallace a pat on the back.

They will depart by train May 23, said, and 300,000 cotton growers.

"We want the processing tax continued and we are opposed to diversion of part of the \$4,880,000,000 work-relief fund to farm benefits,"

he announced in leaving to make arrangements in Washington for the visit.

"The relief funds are for the benefit of the unemployed, not the employers," he continued.

Accompanying Day are J. R. McCrary, of Calvert; V. C. Marabelli, of Heidenheimer, and H. H. Williamson, of the Texas A. & M. College extension service. The senators were N. Clark, democrat, Missouri, and Pope, democrat, Idaho.

It was indicated the president

frankly cautioned the senators about making use of its investigation of any war-time correspondence between the British government and the big banking houses.

The committee decided to continue the arrangement already made whereby any "questionable" correspondence will be discussed with the state department before being employed in the inquiry.

"We agreed," Nye said, "to avoid any action raising complications with foreign governments."

"We are a committee to promote peace, not war."

It was indicated the White House conference had taken cognizance of a warning by Stanley Baldwin, in London, that

HITLER REBUKED

The action of the League of Na-
tions Council in rebuking Germany
for rearming is not surprising, de-
spite reports that such a step would
meet firm opposition by a group
of the smaller European nations
headed by Poland.

The Franco-British-Italo resolution
of censure, adopted unanimously by
the council, with only Denmark refraining from voting, is
based on the necessity for preserving
the sanctity of treaties—a prin-
ciple that no nation can afford to
question, even in the case of such
a treaty as that which Germany was
forced to sign at the end of the
World War, many of the provisions
of which are now universally rec-
ognized as unwise and directly re-
sponsible for a major degree of the
troubles with which Europe is
faced.

In warning of the effect of Ger-
many's defiance not only on the
treaty of Versailles but upon all
treaties, the French note to the
League observed that "no negotia-
tion is possible if, while conversa-
tions are proceeding, one of the
parties can arbitrarily possess him-
self of that which was the subject
of those conversations, nor can
there be any negotiation of service
if its results, whatever they may
be, can be destroyed at the will of
one of the contracting parties."

It remained for the blunt-speak-
ing Litvinoff, Russia's foreign com-
missar, to pin the blame for the
present situation not on the Ger-
man people as a whole but on the
nazi leaders, when he asked the
League council "what is to be done
if a state demanding or seizing the
right to armaments is ruled by peo-
ple who have announced to the
whole world a foreign policy pro-
gram consisting of a policy of re-
venge, the unlimited conquest of
foreign territory and the destruc-
tion of the independence of entire
states?"

Hitler's heated note to Great
Britain reveals ill-tempered disap-
pointment over the failure of the
German effort to prevent the Brit-
ish from joining with France and
Italy in protesting the German de-
fiance of the military clauses of the
treaty of Versailles.

The probable effects of the
League's rebuke and the German
recognition given it by the Hitler
government will be to permanent-
ly estrange Germany from the
League and to strengthen the de-
fensive alliance between Great Brit-
ain, France and Italy, with these
three countries entering into closer
relations with soviet Russia.

There is no reason as yet for
fear that an amicable settlement of
the differences between Germany
and the other major nations of Eu-
rope has been made more difficult.
On the other hand, the joint state-
ment issued at Stresa and the sub-
sequent action of the League can
be considered as necessary pro-
nouncements of policy which, once
made, can be relegated to the back-
ground while further negotiations
and conferences looking to the so-
lution of the existing differences
can be sought.

CONSERVING GEORGIA'S FISH
In a recent address State Game and Fish Commissioner Crayton em-
phasizes the importance of state-
wide co-operation with the efforts
of his department to restock the
streams and lakes of Georgia with
various types of fish.

In pointing out the value to the
state of well-stocked waterways,
Commissioner Crayton takes the po-
sition that "if every farm in Geor-
gia looked upon fish as a side crop,
there would be more money in the
state than there is now."

Millions of fish are being raised
in the various state hatcheries to
be placed in the streams and lakes
of Georgia, but the stock will not
be increased if fishing is done out-

of season, or by wasteful methods,
such as with seines, baskets and
traps or through the use of dynamite.

The nation-wide sentiment to-
ward conservation of America's fish
supply is shown in the support
given at the recent annual conven-
tion of the Izak Walton League of
America to plans for controlling
pollution of the streams of the
country.

Endorsement was given a plan
seeking the creation of water pol-
lution abatement districts, to deal
with entire watersheds instead of
individual streams. Under the plan
every municipality and every fac-
tory discharging harmful sewage
into a stream or lake would be re-
quired to install adequate sewage
disposal plants.

The state of Georgia has strict
laws prohibiting the defilement of
streams, but it is universally ig-
nored, Atlanta being one of the
worst offenders. Polluted streams
not only have no fish in them but
their waters pouring into other
streams cause the death annually of
millions of young fish.

There should be a more general
support of the activities of the
state game and fish department. If
it is given, Georgia will become as
famous for its fishing as it now is
for its hunting.

AN EPOCHAL FLIGHT
It is a far cry from the Dole
flight of only a few years ago from
California to Hawaii, with its la-
mentable loss in life, and the clock-
like precision of the flight of the
great Pan-American clipper ship
that flew the same route this week,
being in constant communication
with land stations and landing at
its destination 2,400 miles from its
starting point exactly on schedule
time.

The hardy air pioneers who only
a comparatively few years ago took
part in the Dole flight were in
fragile, undependable planes, with
no comforts, no radio equipment
and with none of the navigation
aids that have been perfected dur-
ing recent years.

The great flying boat that
cruised the route at an average
speed of more than 150 miles per
hour is equipped with four mo-
tors, any one of which is sufficient
to keep the ship aloft; has naviga-
tion instruments that enabled it to
follow the chosen path as surely as
a train rides the rails; its comodi-
ous cabin has not only comforts
but luxuries, including sleeping and
kitchen quarters; and it can alight
on the ocean and safely ride
through any but the most severe
storms.

The great clipper ships that
travel regularly between Miami and
South American points cover longer
distances than from California to
Hawaii, but the vast expanse of
water covered by the latter flight
makes it more spectacular, al-
though it is no more difficult
as the air routes running along the
coast of South America and over
the towering mountain ranges
topped in crossing the continent.

The increase in stability and re-
liability in heavier-than-air ships
and the far-reaching progress made
in the development of navigation
aids make the California-Hawaii
flight, formerly a question almost
of suicide for those attempting it,
both safe and easy.

This week's trail-blazing flight is
a forerunner of regular air pas-
sage between America and Asia, via
Hawaii, Midway, Wake and Guam
Islands and the Philippines, and the
dawn of a new era of increased in-
timacy between the people of this
country and eastern Asia.

The New Far Eastern
Problem.

The establishment of Manchukuo has
solved certain problems, but has also
created others. It has brought Russia and
Japan face to face at the long Amur river frontier of North Man-
churia, and it has put Mongolia in the
same precarious position as Manchuria.
It is to be in—an area of unde-
fined boundaries on which the three
forces of the Japanese empire, the
U. S. S. R. and the Chinese people are
converging. From his experience as a
traveler and a student, Mr. Owen Lattimore,
the distinguished Englishman, is well qualified to write on these great
regions from whose high plateau the
conquerors of continents have descended,
and whose 5,000,000 people, now as-
sidiuously wooed by their ambitious
neighbors, may once more play an im-
portant role in far eastern territory.

Believes War

Mr. Lattimore believes strongly that
having once embarked on a continental
policy, there is now no possible
stopping place for Japan, and that she
will inevitably be involved in war with the
U. S. S. R. in Central Asia. Even
if war broke out at Vladivostok it
would be decided on the open "strategic
flank" on Mongolia. The situation is
such that China is forced to make a
decision. The time is past when China
can conciliate the Mongols. The rest
of Mongolia believe that the revolution-
ary government of outer Mongolia is
a minority government, and that the
best chance of overthrowing it and re-
creating a conservative and united
Mongolian nation is to force the
Mongols to fight for either Japan or
the U. S. S. R. to keep out of it.

Neither can afford to allow Mon-
golia to be unified under the aegis of
the other and so imperil their strate-
gic flanks. Both might like to stop
short of war, but the force of events
will drag them into a conflict, the victor
of which will dominate the land
frontier of China.

Riders of
the East.

These are Mr. Lattimore's views.
While we may not agree about the
danger being so imminent as he
suggests, his book is invaluable as a
source of facts and as giving the "con-
tinental" as opposed to the "maritime"
viewpoint of China's future. A writer
recently stated that he remembered
Wall and Kalgan one December morn-
ing, the earth frozen hard, snow on the
hills, bright sunshine, exhilarating
air—when down the valley from Mon-
golia came a herd of some 300 ponies
beside which rode perhaps a dozen
Mongols, large, ruddy men in fur hats
and coats of leather, red and yellow,
with the unity of pack and herd.
Following the ponies came a
swirl down the valley and disappeared
through the gate in the wall in the
wall into China. Will horsemen once again
come down those hills to subdue a con-
tinent?

Health Talks

BY DR. WILLIAM BRADY

Why Drown in Salt Water?

I have recommended to students of health an excellent lit-
erature published a few years ago by
McCollum and Simonds of Baltimore, "Food, Nutrition and Health." Professor McCollum is head and Professor Simonds associate of the chemical hygiene department in the school of hygiene, Johns Hopkins. McCollum is famous for his work in nutrition and the newer knowledge of vitamins.

But neither of these eminent authorities in the field indulges in aphorisms. Neither has had any experience in practice. And so I have always endeavored to warn students of health against taking the gratuitous medical advice in the little book too seriously. The authors appear to have been obsessed with a queer notion about "auto intoxication" when they wrote the book. Ridiculing the obsession to beat the band, they urge upon readers to drink only water, not beer, following a morning of a quart of common table salt! They concede that some individuals can drink only two cups, others three cups of this salt water, but they apparently assume many can down the whole quart and then drink for half an hour or remain on their feet as they find more agreeable. I have an idea it's alternate, and perhaps try other positions, until a normal salt tolerance is found.

No other subject, including that of taxation, may require as

much congressional attention hereafter.

News Behind the News

By PAUL MALLON

BACKWARD PROGRESS

WASHINGTON, April 18.—The man, who ran the wrong way on the football field was not half as embarrassed as were all the house democrats the other day. Their whole team ran the wrong way.

Coach Byrns, the speaker, took the unusual step of going out on the field to give the boys a pep talk. He pointed out that their goal was work. This business of adjourning every day at 4:15 p. m. would have to stop. The team applauded enthusiastically as Byrns retired to his office. And when 4:15 p. m. came—they adjourned.

This much was reported, but what did not get out was the fact that, when Mr. Byrns heard about it, he galloped into action, Roping Chairman Doughton and a few members of the governing ways and means committee where they stood. Mr. Byrns delivered an oration which was no pep talk. Even the ears of the bystanders burned.

PUSHING

The incident would have been unimportant were it not for the fact that congress has been like that too often this session. The team has no enthusiasm. Too many of the players do not like much of this pending New Deal legislation and have not been exerting themselves about it.

The trouble has been accentuated in the house because the pep burden has fallen almost entirely on Byrns. With his floor leader Ill since the start, he has been busier than speakers usually are.

It was Byrns, in fact, who pried the social security bill out of a reluctant and unenergetic ways and means committee by appearing before the committee in a session of which no record will ever be found. His unpublishe argument on that occasion was that if they were going to kill President Roosevelt's plan, let them do it in the open, on the floor of the house, and not in the secrecy of committee. This pulled the bill through. Everyone knows Mr. Roosevelt is personally behind this activity. Since his return from Florida, he has been nudging his congressional leaders, and they in turn, have been pushing the rank and file, with a moderate degree of success.

PULLING This inside situation is such that Mr. Roosevelt can still have his general program, but not easily. Each item requires tedious, painful pulling. His associates now reckon in general terms that he will get 80 per cent of what he wanted. This is a fairly good average for presidents.

The pulling is becoming so difficult, however, that it has been found necessary for the White House to make a show of giving up some things which it need not have yielded.

The most important one was the bonus.

PRO-BONO

Nearly everyone will deny it now, but it is nevertheless true that no objectionable bonus bill could have been passed in the senate over a presidential veto. This was done by unofficial polls privately made. The best one seems to have indicated that Mr. Roosevelt's veto would have been sustained by a margin of at least six votes.

There are several interesting reasons why this course was found objectionable. The main one is that certain influential democratic senators advised against it. They would stand with Mr. Roosevelt, if he insisted, but they would a lot rather vote for a bonus bill.

After all, they are going to run for re-election next year as well as Mr. Roosevelt. They will be running in primaries where the president's coat-tails may not be broad enough to pull them through.

Their opponents mainly will be persons of the Huey Long type who are strongly pro-bonus, as well as pro-public.

A White House bonus compromise would help save these boys. And, of course, it will make them more amenable to the remainder of the president's program.

PRO-PUBLICO

Another bone tossed out casually was the sly remark which Mr. Byrns made about the possibility of tax reduction. What he had reference to, apparently, was the talk that the treasury might permit some legislation to abolish taxes on incomes of less than \$3,000. Since the British tax system was announced, this idea has become extraordinarily popular in Washington.

If there is one thing which a congressman prefers to vote for more than a bonus bill, it is a tax reduction bill. A congressman's idea of heaven is a place

\$500,000 RECEIVED FOR STATE RELIEF

Soviet "Human Bird" In Successful Test
MOSCOW, April 18.—(UPI)—The first successful human flight with artificial wings in the Soviet Union was announced today at the central airport.

George Schmidt, parachute jumper, leaped from the wing of an airplane at an altitude of 4,900 feet wearing wings made of light cloth with fanlike aluminum tips attached to his arms. It was announced, and volplaned and circled until he reached 2,400 feet, when he opened his parachute.

Schmidt estimated his horizontal speed at 66 feet a second during his flight.

GERA Head Discloses Receipt of Funds to Run Throughout April.

Sufficient funds to carry on all phases of relief work in Georgia until May 1 were assured yesterday morning when Miss Gay B. Shepperson, Georgia emergency relief administrator, received the \$300,000 from Administrator Harry Hopkins.

The \$300,000 is part of Georgia's April allotment. Miss Shepperson announced, and gives ample funds with which to carry on relief work in the state until May 1.

When distribution of \$113,000,000 to various states for relief purposes was announced last week by the administrator, Hopkins' figures were omitted from the list because of failure of the state to co-operate with the relief administration in providing its share of funds.

At that time the GERA had suffi-

cient money on hand to carry on its operations for ten days. Relief officials here felt confident that additional funds would be forthcoming, but Mr. Hopkins in Washington, declined to comment on the omission of Georgia from the April allotment.

"We have received \$300,000 of our April allotment which will be sufficient to see us through to May 1," Miss Shepperson said yesterday in disclosing the allocation of the additional funds by the FERA.

Asked whether she believed Georgia would receive May allotment, the relief administrator declared she had no knowledge of what was contemplated.

"I only know that we have had \$300,000 placed at our disposal, and that the amount is enough to carry us through until the first of May," Miss Shepperson explained. "We will be able to carry on as usual during the balance of April, paying all relief costs and meeting our regular pay rolls."

DIXIE PORT RATES ASSAILED IN NORTH

Eastern Shippers Demand
Immediate Termination
of Differentials.

NEW YORK, April 18.—(AP)—North Atlantic port interests have filed an urgent request with the Traffic Executives' Association for cancellation of joint, or proportional, rates by eastern and southern railroads between central freight territory and Gulf and southern ports.

News of the request, made public today by the Port of New York Authority, adds that joint rates between central points and Gulf ports is resulting in heavy diversions of commercial freight from the Atlantic seaboard.

Substantial losses in eastern rail revenues as well as in north Atlantic port and steamship business was foreseen by the Port of New York Authority.

**Adolph Ochs School
Of Journalism Planned**

HARROGATE, Tenn., April 18. (AP)—Lincoln Memorial University hopes to establish an "Adolph Ochs" school of journalism with funds given the school in the will of the late publisher of the New York Times, Chancellor John Wesley Hill said today.

Lincoln Memorial was one of six universities and colleges receiving 250 shares of the preferred stock of the New York Times, valued at \$25,000, under Mr. Ochs' will.

Authority "as a certain eventuality" if the situation was allowed to continue.

Attempts of Gulf and southern carriers and ports to secure increased rate differentials under north Atlantic ports has been the subject of protracted litigation before the Interstate Commerce Commission.

The commission's decision was interpreted by eastern carriers and north Atlantic ports as a defeat for their interests, but a provision was made for cancellation by eastern carriers of any joint rates to southern ports from territory east of the Chicago-Indianapolis-Cincinnati line that were lower than rates to north Atlantic ports.

Northern port authorities are now requesting the railroads, through their petition to the Traffic Executives' Association, to effect such a cancellation.

'DAYLIGHT' TIME TO BE OBSERVED BY MORE CITIES

NEW YORK, April 18.—(AP)—Daylight saving time, which goes into effect this year April 28, will be observed on a wider basis than ever before, a survey by the Merchants' Association of New York, disclosed today.

This year, for the first time, clocks will be set an hour ahead in the south Atlantic, Georgia, Indiana, Miss., going on the daylight saving standard.

Three states, the survey said, will go on daylight saving in their entirety—New Jersey, Rhode Island and Massachusetts. Three other states, Connecticut, Maine and New Hampshire, continue in effect laws making illegal the public display of daylight saving time.

"Nevertheless," the association reported, "it will be observed in the industrial cities and towns of both Connecticut and Maine and in the principal industrial cities of New Hampshire, as well as in many of the resort sections of these states."

Only minor changes were reported in New York state, over 300 communities continuing the daylight standard.

In the far west, the association found, the Idaho towns of Burke, Kellogg and Wallace have officially adopted the summer hours. Observance in Canada will be about the same, the survey revealed, most of the principal cities and towns switching over April 28.

"Daylight saving observance will be more general this year in the rural districts where hitherto opposition has been keenest," the association said, "and there will be a marked extension of the benefits of daylight saving by industrial plants in communities which do not officially recognize advanced summer time."

"The shortened hours which have been put into effect in connection with the application of the NRA have been one of the factors which has made this adjustment easier."

2 CHURCH GROUPS JOIN DRY FORCES

Baptist Sunday School
Convention, Atlanta Pres-
berty Oppose Repeal.

The Georgia Baptist Sunday school convention and the Atlanta Presbytery yesterday joined the fight for retention of the state's prohibition law.

The convention's decision was interpreted by eastern carriers and north Atlantic ports as a defeat for their interests, but a provision was made for cancellation by eastern carriers of any joint rates to southern ports from territory east of the Chicago-Indianapolis-Cincinnati line that were lower than rates to north Atlantic ports.

Northern port authorities are now requesting the railroads, through their petition to the Traffic Executives' Association, to effect such a cancellation.

Baptist Paper Approved.

The resolution of the Baptist convention follows:

"Recognizing the vital relation of the election on May 15 to the future happiness and prosperity of 1,000,000 boys and girls in Georgia, not to mention the unborn generations, and reminded by the tragic experience of our sister states that have tried repeat as a remedy for the evils of the bootlegger."

"We the pastors, superintendents and teachers representing the 2,200 white Baptist Sunday schools in Georgia, assembled in the fifteenth annual convention of the Georgia Baptist Sunday school convention in Atlanta, do hereby declare our allegiance to the cause of temperance and sobriety as set forth in the laws of Georgia, and we honestly appeal to every registered voter of Georgia to go to the polls on May 15 and take their stand with Oglethorpe and Grady and countless other builders of this Commonwealth against the return of the legalized liquor traffic with its acknowledged blight on childhood, its destruction of manhood and its destruction of manhood."

"We take our position with the public school teachers of Georgia, who said in an overwhelming vote at Macon on April 12 they did not want blood money which the proposed beer and liquor bill would put into the sacred cause of training the boys and girls of Georgia for the future."

"We regard the election on May 15 as a clarion call to the conscience of Christians to stand in solid phalanx in the battle line for home, school and church."

Presbytery's Resolutions.

Declaring the fight against repeal to be a moral issue in which the church and a number of other bodies engaged on the side of temperance, the presbytery of Atlanta, at its spring session yesterday, adopted resolutions pledging active support in the campaign.

The presbytery of Atlanta is the largest group of Presbyterian churches in Georgia.

The resolutions endorse "the energetic resistance of the united Christian forces of Georgia to any legal recognition of the illegitimate and immoral traffic in all narcotic drugs, including alcoholic beverages," and continue:

"We declare our conviction that any such recognition of the narcotic traffic law to the desire and demands of those who, for the sake of gain, would despoil our people of their happiness and moral integrity, can only result in the weakening and final collapse of the agencies of government."

"We pray for a speedy restoration of such national interection as will end only and finally, remove this criminal traffic from the field of legitimate business and save the nation from the menace attendant upon the repeal of the eighteenth amendment."

The resolutions also congratulate the states of Alabama and Tennessee for the action of those states for temperance.

INTRAMURALS AID BULLDOG SPORTS

ATHENS, Ga., April 18.—(P) More than half the men students of the University of Georgia are participating in the intramural athletic program, an analysis of the program showed today.

In the fall intramural sports of the school year 1934-35, 876 boys participated in touch football, touch football and horseshoes. Jack C. Frost, director of the program, said the trophy presented by Governor Eugene Talmadge to the student organization scoring the most points during the school year was greatly stimulated by the new. Sigma Alpha Epsilon chapter now holds the cup. It must be won three times successively before it becomes the permanent property of a fraternity or dormitory.

The number of sport activities included in the intramural program has increased from nine in 1933-34 to 21 in 1934-35. The sports are basketball, soccer, swimming, foul throwing, softball, volleyball, rifle shooting, track, boxing, touch football, tennis, golf and lacrosse.

The intramural program was begun in the fall of 1934 with 500 participants under the direction of Mr. Frost. It is divided into sports for the various seasons, and throughout the year 75 percent of the university men take part. Mr. Frost said.

In the fall quarter of 1934 there were 529 participants, touch football 1934, 320; sports: swimming, boxing, bowling, basketball (249); spring quarter, 1934, 304; softball, Sigma Delta Psi national honorary athletic fraternity trials. Total 1933-1934, 1,214.

Bobby Jones told me that Byrd had the best driving swing he had ever seen.

Byrd two years at competitive golf and nothing else," Tommy Armento said. "He and I will be a distinct threat in any open. There's a fellow can play golf."

Sammy opened the new season with a home run in Cincinnati. He has

spent most of the last three years on the bench as Babe Ruth's understudy. He hasn't played any too much baseball. Now, for the first time, he has the chance as a regular, far from the elusive shadow of the burly Bambino.

It will be interesting to see just how he makes out. It will be more of a matter of confidence and determination with Sammy than his swing at bat. He can be one of the best if he ever makes up his mind along the lines he's been seen with the return of the open saloon, but they know that the proposed law prevents the return of the saloon.

"Most important in the minds of many people is the provision of the proposed law which prohibits the sale of liquor to minors. They realize that the present unregulated sale of liquor that many of the finest boys and girls in the country do and do secure liquor whenever they desire it from unscrupulous bootleggers who are growing rich at the expense of the state and with the sacrifice of the flower of our young manhood and young womanhood who have not been taught in recent years the merits and the value of temperance."

"They feel that the reason our courts are securing so few convictions in liquor cases is because the people who are a do not favor the present law which has been proven definitely unenforceable. Our people believe that instead of permitting the indiscriminate sale of liquor to the young, we should regulate the sale of the children of Georgia so that the sale of it should be so regulated and bridled that every enforcement officer in Georgia could by the performance of his or her duty prevent it."

SOUTH GEORGIA CLAIMED BY WETS

17 Out of 24 Counties Visited Will Vote for Repeal, Leaders Report.

VALDOSTA, Ga., April 18.—Hearing the conclusion of their south Georgia tour, repeal campaign leaders stopped here today to issue a statement asserting that repeal would win in 17 of the 24 counties in which they have visited.

The repeal leaders are Spence Grayson, of Savannah, the chairman, and S. Marvin Griffin, of Bainbridge, the vice chairman of the Georgia Association for Local Option.

Change Favored.

The statement follows:

"We find the prevailing sentiment in the great majority of the counties we have visited to be in favor of change in the present prohibition laws of the counties visited by us. We feel confident that at least 17 will certainly go to the polls on May 15 and vote for each county in the state to have the right of local self-government for the purpose of legalizing and regulating the sale of liquor which is being sold in every county without exception that we have visited."

"The people we have talked to without hesitation readily admit that nothing could be worse than present conditions in Georgia with reference to the unlawful manufacture and sale of spirituous liquors. They are wholeheartedly in favor of operating places where liquor can be sold under law, processes, in an orderly manner.

No one we have seen wants the return of the open saloon but they know that the proposed law prevents the return of the saloon.

tightened down to nip a rally with two more men in scoring position. Blair opened the frame with a first, ticket, took third on Maxwell's base knock, and scored on Novak's base hit. Chitwood scored Maxwell with a double. With Novak on third and Maxwell on second, Nelson struck out Kluch and made Kunz pop to Harris.

From the second to ninth, the Crackers' side-arm was almost invincible, but he ended up 10-4 in the last frame to allow a home run. Runs: Maxwell, Head and single and Blaney, batting for Novak, delivered with a beautiful double to the left field fence.

Although he went hitless, Prince Henry Oana produced the fielding gem of the game, when he raced far over to his right in the eighth inning to rob a double. The Prince made a one-handed stab that brought the ball to their feet.

THOMAS TODAY.

Manager Moore announced tonight that he would send Bud Thomas, a right-hander, against the Smokies Friday in an effort to cop the final game here. Manager Lee Head will use John Lanning, rookie hurler, who played with Charlotte last season.

Sally Forth Gives Timely Advice On Easter Gifts From the Gods

By Sally Forth.

WITH Easter just around the corner, the florists are busy with orders of flowers—flowers for mothers, wives and sweethearts, which reminds Sally of a story told by a well-known Atlanta florist who should suggest to husbands the necessity of caution in the matter of sending to their wives flowers without cards. At the same time it should warn wives against overwhelming curiosity or undue suspicion.

It seems that a prominent Atlanta man, who travels a great deal, wired instructions that flowers be sent to his wife at Easter. And he was particular to order that no card be inclosed and that no information be given concerning the sender of the flowers.

The day following the receipt of the box of beautiful lilies, the wife, who possessed, perhaps, more than the normal feminine quota of curiosity, telephoned the florist to ask who sent the Easter gift. Following instructions, the florist refused to divulge the sender's name.

"Was he a tall, handsome man about 30 years of age?" she queried. A negative from the florist.

"Was he a reddish-haired, medium-sized, good-looking young man?" persisted the wife. A second negative from the florist.

"Well, then," interrogated the inquisitive young wife, "was he a middle-aged man who wore rimmed spectacles?" A third negative from the florist.

"Was it my husband?" asked the young woman in despair. "It might have been," replied the florist.

Telling the story to Sally, the florist concluded: "The young wife used to buy all her flowers elsewhere, but after the incident she became one of my best customers. If she should read her story in your column I know she will not get angry, for it happened many years ago, and her child, who was then a baby, is now in high school. Another box of Easter lilies goes to the wife next Sunday, and with it a bouquet of red roses for the mother."

The moral, Sally thinks, is to accept the gifts of the gods and ask no questions. Sally doesn't.

VERY young members of society are counting the minutes until Saturday afternoon. At that time "Little Mother," as Mrs. William D. Ellis Jr. is affectionately known, will give one of her famous parties for her grandchildren.

This time it will be an Easter bonnet and Indian party, taking place at Ellscott, the Ellis home on Muscogee avenue. Frank Gay, Rutherford Ellis Jr., and Edward Van Winkle Jr., the Indian chiefs, will be dressed in colorful and fierce-looking suits. Little Wingfield Ellis, Lamar Ellis and Margaret Ellis will be the "white bunnies" dressed in beautiful white costumes.

Invitations issued to the 75 members of the younger set read as follows: "Will you come to an Easter bonnet and Indian party at Little Mother's house, 51 Muscogee, April 20 at 3:30 o'clock?" It is signed Rudy Ellis, Wingfield Ellis, Margaret Ellis and Lamar Ellis.

"Little Mother" will be assisted by her sons and daughters, Mr. and Mrs. William Ellis III, Mr. and Mrs. Rutherford Ellis, Mrs. Ewell Gay and Lamar Ellis. All kinds of games and features are planned for the youthful guests, who from attendance at past parties at "Little Mother's,"

Garden Division Holds Meeting

The April meeting of the garden division of the Atlanta Woman's Club was held at the home of Mrs. Harry C. Malone last Tuesday and the chairman, Mrs. Willard R. Leach, opened the meeting by reading a poem. Mrs. Thomas C. Harris, co-chairman, and Mrs. Conrad E. Faust suggested that the club adopt the Cherokee rose as its authentic flower. Report were read by Mrs. Mary A. Greene, treasurer; Mrs. E. L. Rowe, recording secretary; Mrs. Odie Poundstone, corresponding secretary; Mrs. E. S. Harrold on her international work; Mrs. May, and Mrs. Conrad E. Faust, chairman of the garden center at Rich's. The attendance at the meeting was reported by Mrs. Claude McNaughton. The prize, which was given for flowering plants, was won by Mrs. E. L. Rowe.

Voting delegates attending the Garden Club of Georgia convention in Macon on April 23 and 24 are Mrs. Willard R. Leach, E. S. Harrold and Thomas C. Harris. Non-voting delegates are Mrs. Mary A. Greene, Mrs. Poundstone, Mrs. Odie Poundstone, George L. Berry, Mrs. L. W. Rogers, Mrs. L. L. Rowe.

Mrs. Wayne P. Sewell, originator and owner of the Hetty Jane Dunnaway gardens at Newnan, announced her offer for the Atlanta Woman's Club garden division to sponsor the opening of her gardens on Saturday and Sunday, May 4 and 5. A piano and organ spiritual singer will be featured and pupils of Mrs. Charles LaFontaine will give an exhibition of out-of-door dancing in the amphitheater.

Admission will be 50¢ and the public is invited. Mrs. Claude Smith will be ticket chairman. Mrs. George O'Bar, publicity chairman, and Mrs. Louise Taylor Fraser, transportation chairman. This project has been indorsed by Mrs. Robert L. Cooney, director of the garden center at Rich's.

"TOOK ALL KINDS OF PILLS, THEN CEREAL BROUGHT RELIEF"

Constipation, Due to Insufficient "Bulk," Relieved by Kellogg's ALL-BRAN

A fine letter from Mrs. Snyder:

"I have had trouble* with my bowels for years, taking all kinds of pills and drugs, with no relief. One year ago, I saw Kellogg's ALL-BRAN and bought a package. I have good movement every day. I am 38 years old. I am telling my friends what bran has done for me." Mrs. Sallie Snyder, 918 N. Craft Ave., Hollywood, Cal.

*Constipation due to insufficient "bulk" in meals.

Research shows that Kellogg's ALL-BRAN furnishes "bulk" to exercise the intestines. ALL-BRAN also supplies vitamin B, as well as iron, an element of the blood.

Two tablespoonsfuls daily are usually sufficient to correct common constipation. With each meal, in serious cases. If not relieved this way, see your doctor.

The "bulk" in ALL-BRAN resists digestion better than the "bulk" in leafy vegetables. How much better to use this food in place of patent medicine.

At all grocers in the red-and-green package. Made by Kellogg in Battle Creek.

Mrs. Klingenberg and Mr. McCrary Wed at Quiet Ceremony in Macon

Of cordial and sincere interest to a host of friends throughout the state is the announcement of the marriage of Mrs. Elizabeth McArdle Klingenberg, of Chicago, Ill., to Alva P. McCrary, of Atlanta. The ceremony, held in quietly solemnized at 1 o'clock on Thursday, April 18, at St. Joseph's cathedral in Macon. The Rev. Father C. D. Clarkson read the marriage service and the bride was given by her brother and sister, Mr. and Mrs. Luther Randall, at their home in Druid Hills. Only members of the family connection were invited to meet the bridal couple.

Following the ceremony, Mr. McCrary and his bride motored to Atlanta, where they were honor guests at an evening tea given by their mother and sister, Mrs. and Mrs. Luther Randall, at their home in Druid Hills.

The bride, an unusually attractive young woman of a distinctive brunt type of beauty, is well known in the state from frequent visits to her sister, Mrs. John Allen, of Fort Valley.

She has also spent much time in Europe, and has seen the cultural centers of the world.

Mr. McCrary is the only son of Mrs. W. R. McCrary and the late Dr. McCrary, of Decatur. He is a graduate of Georgia Tech, and is prominently identified in business and so-

cial circles of the city. He is vice president of the J. B. McCrary Company, a nationally known contractors and contractors of municipal improvements. Mrs. Luther Randall is his only sister.

Following the ceremony, Mr. McCrary and his bride motored to Atlanta, where they were honor guests at an evening tea given by their mother and sister, Mrs. and Mrs. Luther Randall, at their home in Druid Hills.

In the evening Mr. and Mrs. McCrary left for a wedding journey to New York and Philadelphia. Upon their return to Atlanta, they will reside at 3207 Peachtree street, and will form popular and attractive additions to the younger married contingent of society.

Miss Helen Tillman Ennis Weds Wesley H. Cook at Home Ceremony

Miss Helen Tillman Ennis, daughter of Mrs. Luther Bonom Wheeler, of Atlanta, and Captain Howard B. Ennis, of Milledgeville, became the bride of Wesley H. Cook, member of the faculty of O'Keefe Junior High school, on Thursday at 5:30 o'clock at the home of the bride's mother, 606 East Morningstar drive. Dr. B. Frank Pim, pastor of Hagedorn Memorial Methodist church, performed the ceremony, which was marked by impressive simplicity.

Preceding the ceremony Mrs. Louis Riddon sang "The Sweetest Story Ever Told" by R. M. Stults, and "I Love You Truly" by Harry Jacobs Bond. She was accompanied on the piano by Mrs. Lois Allen Wallace.

Mr. and Mrs. Edwin H. Cook, sister of the bride, were present of honor.

She wore a gown of turquoise blue mousseine de soie and carried a bou-

quet of pink roses. M. D. Harper, cousin of the bridegroom, served as best man.

To the tuneful strains of the bridal chimes "Lobster" played by Mrs. Wallace, the lovely bride entered with her grandfather, Hon. James Howard Ennis, of Milledgeville, who gave her in marriage, and took their places before an improvised altar of palms and ferns.

The bride wore a gown of shimmering white, with exquisite point lace forming a jacket and train. The lace veil was fastened to her wavy hair by a coronet of real orange blossoms. She carried a bouquet of bride's roses showered with lilies of the valley.

An informal reception followed the ceremony. Mr. and Mrs. Cook left afterward for their honeymoon destination, and upon their return they will re-side at 1001 McLynn avenue.

Emblem Committee To Honor Members.

The members of the emblem committee of the Business and Professional Women's Club will honor members of the club with a party Thursday evening, April 25, at 8 o'clock in the piano room of the Georgian Terrace Club.

In the receiving line will be members of the committee, Miss Annie Sittton, chairman, officers of the club, and members joining during 1934 or the first part of 1935. Other members of the committee are Misses Mary Cavanaugh, Grace Hendrickson, Lila Knighton and Ethel Holbrook.

Mrs. Lila Ellis will talk on commonly misused and mispronounced words Monday evening; April 22, at the Atlanta Gas Light Company auditorium at 8:30 o'clock. This series of talk, reviews and current events lectures will continue each May evening through May and will last from 7:30 o'clock until 9 o'clock instead of 8:30 o'clock as during the winter months.

The young couple was complimented at an informal party given by Mrs. Ben Owen and Mrs. J. C. Martin at the home of Mrs. Martin on Glen Arden way.

Mr. and Mrs. C. C. Cobb were of-

fers to a wedding and current events lectures will continue each May evening through May and will last from 7:30 o'clock until 9 o'clock instead of 8:30 o'clock as during the winter months.

**Miss Mary S. Ward
Weds Glenn Dyer
In Quiet Ceremony**

Listed among interesting announcements of the month is that made today by Mrs. Thomas Crenshaw of the marriage of her granddaughter, Miss Mary Seymour Ward, to J. Glenn Dyer, formerly of Alamosa, Col., and now of Atlanta, which was quietly solemnized on Thursday afternoon at the home of Mr. and Mrs. LeGrand Richards. Mr. Richards performed the marriage service in the presence of relatives and a group of close friends.

The bride wore a smart costume fashioned of powder blue woolen, with hat and accessories in matching color tones. A shoulder spray of orchids completed her costume. Immediately following the ceremony, the bride and bridegroom left for a wedding trip, after which they will reside in Atlanta.

The bride is the daughter of the late Mrs. Mary Crenshaw Ward and is the granddaughter of Mrs. Thomas Crenshaw and the late Dr. Crenshaw. Her only sister is Miss Jessamine Crenshaw. She attended North Avenue Presbyterian school and completed her education at Agnes Scott College. The bride is a member of the O. B. X. society and is exceedingly popular with the younger set.

The bridegroom is the son of James Wesley Dyer, of Colorado, and the late Mrs. Beulah Lee Vert Dyer. He is a graduate of Georgia Tech and was an honor roll man at the Daniel Guggenheim school of aeronautics, of which he is also a graduate. Mr. Dyer is now connected with the United States Coast and Geodetic Survey Department of Commerce.

**Army Daughters Will Entertain
At Benefit Bridge at Garrison**

Assembling a number of the military and civilian contingents will be the mammoth benefit bridge party planned by the Society of the Daughters of the United States Army for Friday afternoon, May 10, at the Fort McPherson Officers' Club. The affair is the annual entertainment sponsored by the organization and the proceeds will be used to further the welfare work of the club.

Guests may assemble for bridge at 2:30 o'clock at the club or attend the tea to be given following the bridge. Attractive prizes will be awarded the winners. A group of the society will be named as a committee in charge.

**Bird and Flower
Club Installs Officers.**

The Bird and Flower Club met at the home of Mrs. R. A. Williams Thursday, with Mrs. president, Mrs. C. J. Sheehan, in the chair.

Annual reports were given by the officers and chairmen of committees active during the past year; of special interest were the civic and social service activities accomplished. Seven new members were accepted into the club during the past 12 months. The club carried out its course of study on bird life and flowers.

The following officers were installed as officers of the club to serve for the ensuing year: Mrs. C. J. Sheehan, president; Mrs. Alexander Dahl, vice president; Mrs. John B. Wilson, recording secretary; Mrs. H. B. Griffin, corresponding secretary; Mrs. J. U. Horne, treasurer; and Mrs. F. E. Kibbeler, editor.

Mrs. M. L. Luther gave an informative paper on the life and habits of the cat bird. The guest speaker was Mrs. Frank E. Mathews, an authority on horticultural subjects, who chose for her topic, "Vines."

The silver trophy for the month was awarded to Mrs. Lamdin Kay for her specimen display of blues, while the pink and white trophy was awarded to Mrs. Alexander Dahl for her pink and white arrangement.

The club is planning to hold a flower show at 2:30 p.m. on May 17 at Dahl's Floral Company, 150 Ponce de Leon avenue.

of the affair by Mrs. Julius Le Hardy, the president. Tickets may be secured from members of the society and are 35 cents for each guest.

The Daughters will be honor guests at a luncheon to be given on May 8, by Sears, Roebuck & Company at the tea room at the company. Covers will be made for members of the society and ranking officers of the firm.

Mrs. Thomas Jones will be hostess at the meeting of the society planned for Tuesday, May 7, at her Chastain road residence. Mrs. Le Hardy will preside and plans for the bridge benefit will be discussed and committees appointed.

**Mrs. Mankin
Speaks to P.T.A.**

Mrs. Helen Douglas Mankin will be guest speaker at the "Mother's Day" meeting of the College Street P.T.A. of Hapeville, Friday, April 19, at 7:45 o'clock. Mrs. Mankin will be presented by H. A. Allen, Hapeville city attorney.

Parents are invited to come to the school any time after 7 o'clock for a "school and room inspection." The teacher in each respective room, Mrs. J. S. Childs, president, cordially invites the public.

Culbertson on Contract
By ELY CULBERTSON,
World's Champion Player and Greatest Card Analyst.

The Takeout Double.
Often the "defending" side will take the attack away from the player who has opened the bidding. The most frequently employed weapon to effect this transformation of defense into attack is the takeout double. The requirements to make a takeout double under the Culbertson system of 1935 are similar to what they always have been. A minimum of three honor-tricks is needed, but the possession of sufficient honor strength alone is not enough. The doubling hand must be prepared for almost all possible responses.

On the hand below North made an otherwise takeout double instead of a simple overcall. He followed up this bad double with a subsequent raise of his partners rebid. As a result, an overly optimistic three no-trump contract was reached. South, however, made up for his partner's bidding errors by pulling the contract out of the fire through magnificent play.

East, dealer.

North-South vulnerable.

The bidding: (Figures after bids refer to numbered explanatory paragraphs.)

1—A better opening bid on this hand would be one spade. Perhaps East expected to get a heart response and wanted to show his spades at the cost of one.

2—North has three honor-tricks and would have simply overcalled with one heart, feeling that unless his partner could voluntarily raise the overcall of one heart, there could be no game in the hand.

3—with 1 1-2 honor-tricks and some other strength, but not enough, made a minimum response on the previous round. South must now show some signs of life.

4—A very unwise raise. North has shown more than the strength of his hand by previously doubling for a takeout and subsequently showing the heart suit. South, it must be remembered, did not even respond to the takeout double with one no-trump in the first place, and made a strong bid only when North rebid.

The Play.

In response to his partner's bid, West opened the diamond 10. This card was ducked in dummy, and East's queen won. The latter shifted rather decisively to a low spade.

South unhesitatingly jumped up with his queen, marking the East hand with practically all of the outstanding strength on the bidding and spurning the more normal finesse against the spade Jack. South tackled the heart suit, playing the queen, which was won, and the world shook. The Gods of Chance were with him and he ran five hearts. Not knowing who had the spade jack, East bared down to the ace-king of spades, the guarded king of diamonds, and the guarded king of clubs. Declared a spade from dummy, throwing East in. The spade jack was taken, and was thrown in a second time by cashing his other spade and returning a diamond. East eventually took a club for the last trick but three no-trump was made, although it undoubtedly should not have been reached.

Comment: South's unhesitating card-reading enabled him to make the correct spade play and decide upon the throw-in play rather than the club finesse.

TOMORROW'S HAND.

521 SMART TWO-PIECE SPORTS FROCKS

Contrasting colors give distinction to this sporty little two-piece dress. You'll look just adorable in it as originally planned in white tub silk in combination with lobster red.

A clever way of using the pattern again and again is to carry the entire dress out in one material. And how about a cotton? You know, they're smart this season, especially in shirting stripes. It would be effective with the stripes running in the opposite direction for the inner part of bodice.

Style No. 521 is designed for sizes 14, 16, 18, 20, 22, 24, 26, 28 and 30 inches bust. Size 16 requires 2 1-2 yards of 39-inch material for skirt and sleeves and 1 1-4 yards of 39-inch material with 1 1/2 yard of 35-inch contrasting for blouse.

Our Spring Fashion book is beautifully illustrated in color.

Price of book 15 cents. Wrap coin carefully.

BARNEY MORRIS, 46, PASSES AT RESIDENCE

The state supreme court today gave attorneys for Dr. Sarah Ruth Dean, Greenwood physician under life sentence for murder, an extension of 15 days in which to file a suggestion of error in the court's affirmation of her conviction in a decision handed down April 8.

Ordinarily, a motion for suggestion of error on an appeal must be filed within 15 days from the day of the decision, but an added 15 days' time was granted in her case because attorneys contend they would not have sufficient time to review the voluminous record, and for the further reason that Dr. Dean had retained additional counsel, who is now engaged in litigation before another court.

15 MORE DAYS GIVEN DR. DEAN'S ATTORNEYS

The state supreme court today gave attorneys for Dr. Sarah Ruth Dean, Greenwood physician under life sentence for murder, an extension of 15 days in which to file a suggestion of error in the court's affirmation of her conviction in a decision handed down April 8.

Mr. Morris died Wednesday at his home at 42 Harrison road. Surviving are his wife; four daughters, Helen, Frances, Jessie Mae and Lois Morris, of Egan Park; three sons, Ronnie Ray, J. T. and Harold Morris, of Egan Park; his parents, Mr. and Mrs. W. H. Morris of Hapeville; two sisters, Mrs. Willie McDonald, of Hapeville, and Mrs. W. O. ATLANTA'S THEATERS

Crosby in 'Mississippi'
On Paramount Screen

The screen's leading exponent of song, comedy and beauty, Bing Crosby, W. C. Fields and Joan Bennett, vie for honors in Paramount's "Mississippi," which comes to the Par-

kinson and Fred Kohler, appearing in the supporting dramatic roles.

A special short subject program has been booked which includes a Giant-Ride Rice Sportlight titled "Sporting Sound," a Paramount variety titled "Shorty on the Farm," and the latest newreel.

Enchanted April Stars

Ann Harding at Fox

At last the beauty, charm and wit of Ann Harding find expression in one of the happiest motion picture stories of her career. In "Enchanted April," the blonde star offers a performance which will delight her army of admirers and gain other followers.

This is the Easter program presented by the Fox.

In "Enchanted April," Miss Harding, as a drab and unhappy English wife, finds new beauty, happiness and romance in a buoyant Italian spring. Her husband, wood from her side by literary success, follows her to find once more the sweetheart of his youth and an enchanted April brings fresh life to him.

RKO-Radio has launched its first resources on the production, Kenneth Macgowan, who created "Little Women" for the screen, is the producer, with the direction in the able hands of Harry Beaumont. Samuel Hoffenstein and Ray Harris, among Hollywood's best scenarioists, were responsible for "An American Tragedy" and "The Moon-Cornered Moon," wrote the screen play.

Frank Morgan, one of the most popular screen figures of the day, is seen opposite Miss Harding as the self-centered husband, Katherine Alexander, distinguished player of "The Barretts of Wimpole Street" and "Death Takes a Holiday," is Miss Harding's confidante. Reginald Owen, her onetime sweetheart, is seen as Miss Alexander's husband. Other capable players include Jane Baxter, English beauty; Jessie Ralph, Ralph Forbes and Charles Judels.

Short features on this program especially prepared for Easter will be a cartoon featuring Oswald, the little rabbit, and a musical headlined titled "The Merry Go Round." Fox News completed the bill.

Eight Young Amateurs

Play Capitol Tonight

Young amateurs are to be featured in the amateur contest at the Capitol theater tonight, at 9 o'clock, an addition to the regular stage and screen performance.

Those scheduled to appear are Frank and Julia Ladd, Kathryn Brackett, Lorraine Jacobs, June Jones, Frank Rodgers, W. B. Baker and Billy Clowder. Each will do a variety of acts in the hope of winning one of the three prizes.

On the screen the Capitol now offers "Menace," with Paul Cavanagh, Gertrude Michael and John Lodge. The comic show for the week, through Saturday, is "Dancing in the Dark," starring numerous vaudeville stars.

Starting Saturday the new feature will be "Car 99," starring Fred Mac-

Donald.

This situation is built into a

strong and exciting climax, providing Jean Harlow with probably her most conspicuous opportunity on the screen.

William Powell is equally effective as her cynical, understanding friend.

the king goes to Vienna to brush up on his neglected education and leaves a charming double to win back the queen.

Frank Tuttle directed "All the King's Horses," which was adapted from the stage production of the same name. The new tunes are already popular. "A Little White Gardenia" and "When the Prince Charming Comes Along." An interesting news, comedy and cartoon completes the program.

Jean Harlow at Grand In Feature, 'Reckless'

Metro-Goldwyn-Mayer's "Reckless," co-starring Jean Harlow and William Powell, has many of the essential for unusually popular screen entertainment. Starting today at Loew's Grand theater, "Reckless" boasts a supporting cast which includes Franchot Tone, May Robson, Ted Healy and Nat Pendleton. It was produced by David O. Selznick, who made "Little Women," "Grand Hotel" and "David Copperfield," and directed by Victor Fleming, who directed "Treasure Island." Jerome Kern, ace composer, composed the principal songs featured.

"Reckless" presents Jean Harlow for the first time as a dancing and singing screen star. She is seen as a beautiful and alluring Broadway star and the background of the film are the locations and exotic scenes of Monte Carlo.

And the king and the dancer, of course, fall in love. And the question arises, shall he remain a prince or renounce his titles so he may marry the girl. And the denouement will surprise you no end.

A clever color cartoon about the little mouse that wanted to fly and other short subjects complete a delightful bill of entertainment.

'All the King's Horses'

Now Playing Georgia

Carl Brisson, handsome Danish matinee idol, is starred with Mary Ellis, noted singer and stage star, in the new Paramount picture, "All the King's Horses," which opens today at the Georgia theater.

Reginald Owen, his co-star, is Miss Alexander's husband. Other capable players include Jane Baxter, English beauty; Jessie Ralph, Ralph Forbes and Charles Judels.

Short features on this program especially prepared for Easter will be a cartoon featuring Oswald, the little rabbit, and a musical headlined titled "The Merry Go Round." Fox News completed the bill.

Our EASTER GREETINGS For All Atlanta!

Carl Brisson, handsome Danish matinee idol, is starred with Mary Ellis, noted singer and stage star, in the new Paramount picture, "All the King's Horses," which opens today at the Georgia theater.

Reginald Owen, his co-star, is Miss Alexander's husband. Other capable players include Jane Baxter, English beauty; Jessie Ralph, Ralph Forbes and Charles Judels.

Short features on this program especially prepared for Easter will be a cartoon featuring Oswald, the little rabbit, and a musical headlined titled "The Merry Go Round." Fox News completed the bill.

By FRANK MACMILLEN.

NEW YORK, April 18.—(AP)—A handful of high-priced issues surged up to lead the market in brisk chase in trading on the New York Stock Exchange today.

In brokerage circles it was said that the smashing gains scored by some of the pace-setters probably represented in part a shifting of funds from low-yield bonds into equities. While most gains were fractional, several issues rose 1 to 11 points.

Observers said the buying may have been touched off in some sections by the record low rate of 1-4 of 1 per cent for call money.

By some houses it was reported that a moderate amount of buying from abroad had given zip to the market.

Although the day's budget of trade was considerably less than was generally bullish, it had in the background the continued backlog of improved quarterly earnings reports. Releasing these were a number of estimates which pointed to a good calendar for the week.

Volume Sag.

Closing share prices showed a gain of 0.7 to 38.5 in terms of the Associated Press average of 60 stocks. The market was a little less active at a total turnover of 816,000 shares, compared with 855,400 shares on Wednesday.

Specular advances were scored by a few shares. Always a fast mover owing to limited floating supply, Coca-Cola whirled up with the aid of better earnings for a gain of 10 points to 25. The rise of 6-3/4 to 133 made by Eastman Kodak brokers found some difficulty in explaining.

Wide Advances.

United States Steel performed rose 1-1/4 points, Woolworth a point. DuPont at 97-1/2 had a gain of 3-5/8; American Can up 2-1/2 at 120-5-8 and International Business Machines climbed 3-1/2 to 171-3/4. Alcan Aluminum was up 4 points at 145-1/2.

With the exception of Union Pacific, which jumped ahead 4 points, the rails put on an indifferent show, although they were a little more perky than the utilities.

Bonds were rather inactive and somewhat spotty. Some of the lower priced railroad issues braced up somewhat. Imported bar silver for commercial use advanced 5-8/16 to 145-1/2. Cotton finished with gains of 1-4 to 1-8 cents a bushel. Wheat received 1-8 to 5-8 cents a bushel. Cotton was up 50 to 60 cents a bale.

Foreign exchanges were quiet as the Easter holidays started on the continent and in London.

3 MEMPHIANS NAMED BY HARDWOOD GROUP

MEMPHIS, Tenn., April 18.—(AP)—The Southern Hardwood Traffic Association today re-elected Eugene Woods as president; E. A. Powell, vice president; Almon Smith, treasurer, and C. A. New, secretary-manager. All are Memphis.

J. E. Egans, Louisville, Ky.; J. B. Edwards, Mobile, Ala.; R. W. Fulton, Warren, Ark., and W. B. Chapman, Memphis, were elected to the board.

Brokers' Views

STOCK OPINION. FENNER & BEAN—We believe there is every justification for exercise of caution at the present point.

DOBBES & CO.—The market will be opened Saturday, and much could be expected of activity or exchanges.

COTTON OPINION. FENNER & BEAN—The market just now will be quiet, weather and Washington developments. Sentiment continues reactionary.

COFFET & CO.—The market is in a doubtful group with the future depending largely upon Washington developments.

HUBERSON, HORN & CO. TO DOBBES & CO.—The market will be opened Saturday, and much could be expected of activity or exchanges.

GRAIN OPINION. FENNER & BEAN—The market just now will be quiet, and the trend will depend largely on the weather for the next few days.

COFFET & CO.—We continue to look for a somewhat narrow and erratic market until after the Easter holidays abroad.

DOBBES & CO.—No rain is experienced during the spring, and market centered buying can be anticipated in wheat.

SEER & CO.—There is no news to affect wheat as predictions are dry for Friday.

NEW YORK, April 18.—(P)—
While there were a number of soft spots in today's bond market, the gainers outnumbered the losers and sentiment still seemed to be moderately bullish.

In view of the fact that security exchanges will be closed tomorrow for the Good Friday holiday, trading was rather spartan. The turnover amounted to \$10,574,000, a per value, against \$11,254,000 Wednesday. The Associated Press corporate averages were up .1 to .2 of a point.

There was some selling of secondary rails, following the Chicago & Northwestern's interest announcement, but the bonds of this company rallied a point or more, including the 4 1/2s which advanced to 11 5/8. The bonds of the Pennsylvania road were the firm, the general 4 1/2s of 1963 getting up nearly a point to 106 5/8. Among other carriers, up fractions to around 2 points, were Baltimore & Ohio 1 1/2s at 46, N. Y. Ontario & Western refunding 5s at 50, New Haven 3 1/2s at 30 7/8 and Southern Central 5s at 58 1/2.

On the other hand, M. K. T. 4 1/2s dropped 1 1/2 to 42 1/2 and Illinois Central 4s were down 2 5/8 to 67.

Advances of fractions to a point or so were registered by Milwaukee Electric 5s at 95, Columbia Gas 5s at 84 1/4, La Crosse Gas 5 1/2s at 82 1/2 and North Central 5s at 83 1/2, and Portland General Electric 4 1/2s at 62. The North American 5s were off 1 1/4 to 95 1/2 and Postal Telegraph 5s eased to 42.

United States government loans were fairly steady, the majority showing gains of 1/32nd to 4/32nd of a point. The government list, at which the highest grade of corporation group was said to be yesterday's sifting of the official call money renewal rate to 1 1/4 of 1 per cent, a new record low. The sale of a substantial issue of notes by the state of Massachusetts, at exceptionally low interest, was also a sustaining market factor.

The foreign division was comparatively slow, although slightly better prices were recorded by some issues of Belgium, Denmark, Poland and Uruguay.

LOANS TO BROKERS IN WEEK

WASHINGTON, April 18.—(P)—
Loans on securities to brokers and dealers held by weekly reporting members bank in New York city amounted to \$746,000,000 during the week ended April 17, representing an increase of \$114,000,000 during the week.

The loans for the week ended April 18, 1934, were \$827,000,000.

In making the announcement, the Federal Reserve Board today gave the following detailed distributions of the loans over the three weeks dealt with:

In New York, April 17, \$692,000,000; April 10, \$578,000,000; April 18, 1934, \$779,000,00.

Outside New York, April 17, \$54,000,000; April 10, \$54,000,000; April 18, 1934, \$48,000,000.
